

## **The design competition of Baghe-Shomal park in Tabriz**

Landscape as a whole, provided a human-made bed for the artifact elements to be accompanied and gives them a sense of place.

Ken Taylor - Landscape Architect

Tabriz municipality intends to make the Baghe-Shomal park with an area of approximately 10 hectares available for the citizens by holding an international competition with the aim of achieving innovative and creative ideas in the field of landscape design, modeling and place-making in order to urban lungs recovery and regeneration of green spaces and Tabriz's Baghe-Shomal in the past.

In this regard, we invite all active individual and legal people in the field of landscape design, architecture and urban design to present and send their proposed projects in the following technical framework. The competition is held in one detailed design stage.

### **Competition conditions**

- It is free for all the interested participants to join the competition.
- The present competition is free and in one stage.
- About the legal people and the participating groups the secretariat of the competition will officially recognize a person who is registered as a head of a group (as the go-between person).
- The required information will be received and downloaded via the internet through <http://m3.tabriz.ir>.
- The competition organizer is allowed to appropriately publish the designs after finishing of the competition and by mentioning the design owner specifications.
- The competition organizer will reserve all rights of selected works in all sections based on the law on protecting the authors', artists' and writers' rights.
- The works which are sent to the secretariat of the competition after the deadline will not be put into effect.
- Sending the works by the participants is regarded as acceptance of the competition conditions.
- None of the works sent to the secretariat of the competition will be returned to their owners after the completion of the arbitration.

This competition will be held under the supervision of the Permanent Secretariat of Architectural and Urbanism competitions and within the framework of Comprehensive Regulations of Conducting architectural and urbanism competition approved by the session 513 of the Supreme Council for Cultural Revolution, dated 2002/05/10.
